ALUMNI

FEEDBACK	ACTION TAKEN
A few pupils require some training to improve their communication abilities.	Department-specific lectures on the subject of "Speaking English Made Easy" as well as other programs were held to improve the communication abilities of the students.
Some of the alumni felt that, for the benefit of students' careers, effective industrial visits, field visits, and internship programs should be developed.	In order to improve their students' career-based knowledge, the majority of departments started bringing their students on field trips to places like Birla Planetarium and Adani Port as well as industrial excursions to places like sugar factories and news papers.
Some of the respondents require help from the faculty members themselves in order to increase the value of their internship.	The administration gave careful thought, and discussions were made to improve the student internship.
