Some parents suggest improving the accessibility of libraries.	Students have direct access to a modern library equipped with the latest technology to ensure easy access to library resources.
Encouragement to sports activities to the students would help in shaping their children	The college has made significant investments to create an international level cricket ground, improve gymnasium, an elite indoor stadium, an enriched basketball court and an upgraded volleyball court . These top-notch facilities are provided to the students to improve their capabilities and to shape their future.
The requirement to help the students to overcome their stress by offering some physical and mental health programmes were expressed by some parents in addition to their regular curriculum.	“Anandvan” - a place where the students can approach the student counselor to discuss and obtain suggestions to overcome the stress apart from conducting programs on “SKY YOGA (PHYSICAL EXERCISE),” “BASIC FITNESS AND NUTRITION,” “DIETARY HABITS AND NUTRITION,” “STRESS MANAGEMENT,” etc., and to make this a regular practice.

FEEDBACK	ACTION TAKEN
The vast majority of respondents stated that the campus is orderly, safe, and clean in every aspect.	College won't allow itself to get comfortable, therefore we'll probably maintain our future safety and security of the campus.
A few parents felt that certain classes should be held on times scheduled rather than being canceled.	The management responded positively and steps were taken to appoint ad hoc staff in order to overcome the issue of class cancellations.
Few parents stated that the college's roads, both inside and outside, were adequately maintained.	Every effort was made to lay paver blocks where needed in order to conserve water and to properly maintain the inner roads for the safety of everyone concerned.

PARENT

FEEDBACK	ACTION TAKEN
Few parents felt that their ward's discipline and personality had to be further taken into consideration.	The college is renowned for having a robust proctorial team that handles disciplinary matters well and takes tough measures against students who break the rules. The system is in place to monitor and maintain proper discipline.
Increase in Festivals, events and extra-curricular activities provided by the college are required.	The college initiated and conducted the AMJCIAN bazaar every year, allowing students to set up their own stalls selling edible and non-edible items. Additionally, various cultural and sports events were organized by the college.
Some parents need more assistance in either way to help their children towards educational requirements.	The college has taken many initiatives to support the students in every way possible. For instance, the Rajasthan Youth Association offers a free book bank scheme in addition to the library lending policies as well as offering scholarships and fee concessions.
